Code of Ethics for Hack Garage

Preamble:

The Code of Ethics for Hack Garage establishes the standards of conduct expected from all participants to foster an environment of integrity, respect, and professional growth in cybersecurity.

1. Professional Integrity:

- Uphold the highest standards of honesty, fairness, and respect.
- Avoid actions that could discredit the Hack Garage or the cybersecurity community.

2. Respect for Privacy and Confidentiality:

- Respect the privacy and confidentiality of information encountered during activities.
- Abstain from unauthorized access or disclosure of private data.

3. Responsibility towards Society:

- Utilize skills for the betterment of society, not for causing harm or infringement on others' rights.
- Promote cybersecurity awareness and responsible digital citizenship.

4. Collaboration and Inclusivity:

Foster a collaborative environment, valuing diverse perspectives and backgrounds.
Encourage inclusivity and discourage any form of discrimination or harassment.

5. Compliance with Laws and Policies:

- Adhere to all applicable laws, regulations, and institutional policies related to cybersecurity.
- Report any unethical or illegal activities observed within the Hack Garage.

6. Continuous Learning and Improvement:

- Commit to ongoing learning and professional development in the field of cybersecurity.
- Share knowledge and experiences to contribute to the collective expertise of the Hack Garage community.

6. Conflict of Interest:

- Avoid conflicts of interest and disclose any potential conflicts to the governing body.

By signing above, I acknowledge that I have read, understood, and agree to abide by the Code of Ethics of the Hack Garage Program. I commit to upholding the standards set forth in this document and understand that failure to adhere to these guidelines may result in disciplinary action, up to and including removal from the program.
